Join us in our 13th year of Youth Basketball! NWYB is specifically geared toward the new, developing, and advancing elementary school player. Our philosophy is to teach players the FUNDamentals of the game in a caring and fun manner. Our goal is to give players an excellent foundation and the experience to enjoy the game at all levels while emphasizing team work and sportsmanship. The coaching staff is led by the King Philip Varsity coaches, Amy Siggins (girls) and Dave DeStefano (boys). The KP Varsity players will be helping along with assistant coaches. Each year as players improve their skills, the program changes to accommodate these new levels. Boys and girls play on separate teams.
